providing an explanation of internet law and regulation this title addresses key areas of contention such as copyright cash transactions product liability advertising defamation and data protection it also includes coverage of the uk implementation of the e commerce directive and the e signature directive and the gambling act 2005

now in its second edition construction law is the standard work of reference for busy construction law practitioners and it will support lawyers in their contentious and non contentious practices worldwide published in three volumes it is the most comprehensive text on this subject and provides a unique and invaluable comparative multi jurisdictional approach this book has been described by lord justice jackson as a tour de force and by his honour humphrey lloyd qc as seminal and definitive this new edition builds on that strong foundation and has been fully updated to include extensive references to very latest case law as well as changes to statutes and regulations the laws of hong kong and

singapore are also now covered in detail in addition to those of england and australia practitioners as well as interested academics and post graduate students will all find this book to be an invaluable guide to the many facets of construction law

with a chapter on public procurement by sarah hannaforde a commentary on jct forms of contract by adrian williamson and a commentary of the infrastructure conditions of contract by john uff

multi party and multi contract arbitration in the construction industry provides the first detailed review of multi party arbitration in the international construction sector highly practical in approach the detailed interpretation and assessment of the arbitration of multi party disputes will facilitate understanding and decision making by arbitrators clients and construction contractors

those involved in construction have to cope with so much learning in their own discipline that they shun further involvement in subjects such as insurance and law which in themselves are so deeply and intensely complex however insurance and law are interwoven in the basic procedures used in the construction industry for undertaking work be they design construction supervision or operation or any combination of them this thoroughly revised edition of nael bunni s successful book formerly called insurance in construction provides information on risk construction law and construction insurance for those involved with all aspects of construction the chapters on risk have been expanded to include recent developments in the area and provide further examples of events which could occur on what can be viewed as the most risky human work activity namely construction new chapters are also added to deal with the insurance clauses of the many new standard forms of contract published in recent years including fidic s new suite of contracts published in september 1999 ice s seventh edition of the civil engineering standard form of contract and ice s second edition of the design build form

ya roadmap to the most important ethical considerations facing legal practitioners in multi jurisdictional construction practice

a classic reference work now in its 10th edition this volume covers the complex area of international export trade law leo darcy has rationalized the chapter content of previous editions and brought the text up to date the book follows a three part structure with separate sections covering the law its implementation in practice and source materials the eu single market regulations on franchising licensing agreements and air transport have also been included

fidic red book is a practical guide for anyone involved in preparing administering or contributing to the fidic suite of contracts 2017 edition this revised edition covers a number of recent developments including the 2022 amendments impacts of covid 19 and the war in ukraine as well as

guidance on use of fidic contracts

provides a clear and comprehensive guide to the 2017 fidic contracts written by a member of the fidic updates task group fidic contracts are the most widely used engineering standard form contracts internationally but until 2017 the three main forms the red yellow and silver books had not been amended or updated for nearly two decades since the first editions were published in 1999 written by a specialist lawyer who was member of the fidic updates task group responsible for writing the new contracts this book examines in detail the many substantial changes they have introduced after providing an overview the contracts are examined clause by clause with the aim of showing how each compares and contrasts with the others and how the second editions compare and contrast with the first the first chapter describes how the red yellow and silver books evolved from earlier contract forms and the distinctive characteristics of each before providing an overview of the updates including new potential risks for both employer and contractor and then examining in the second chapter key general provisions such as the new rules on notices and limitation of liability chapter 3 examines the enhanced role of the engineer in the red and yellow books employer s representative s function in the silver including the new procedure for determinations as well as the employer s obligations and contract administration the contractor s obligations are considered in chapter 4 while chapter 5 examines his responsibility for design in the yellow and silver books chapters 6 to 14 deal respectively with plant materials and workmanship and staff and labour time related provisions in the three contracts including extensions of time and the employer s right to suspend the works testing on and after completion and the employer s taking over of the works defects after taking over acceptance of the works and unfulfilled obligations measurement in the red book the contract price and payment the new variations regime and adjustments to the price termination and suspension care of the works and indemnities and exceptional events previously force majeure an important feature of the new contracts is their increased emphasis on clarity in the claims process and on dispute avoidance these topics are examined in the final two chapters 15 and 16 which deal respectively with the new claims and dispute resolution provisions of the 2017 forms fidic contracts are the most widely used standard forms of contract for international engineering and construction projects provides a clear and comprehensive guide to the 2017 fidic red yellow and silver books written by a senior specialist lawyer and member of the fidic 2017 updates task group responsible for writing the new contracts accessible to those with little or no familiarity with fidic contracts the 2017 fidic contracts is an important guide for anyone engaged in international projects including employers contractors engineers lawyers suppliers and project financiers sponsors

of the 23 papers seven focus on project management or non technical issues such as tools and techniques 14 are technical accounts of infrastructure and sustainable development concepts and two provide an overview of the issues among the variety of topics they discuss are contracting in asia construction law and arbitration engineering codes and standards in japan and china and balancing environmental needs and

development by and for engineers no index annotation copyrighted by book news inc portland or with reference to india
